

Learn to Learn

If your people only attend one course in their professional lives then this should be strongly considered. This course helps participants discover how other people retain information. Participants also learn their own unique learning style.

Once learning styles are understood then participants are shown proven methods to modify their communication style so their message is retained.

What are the benefits of your Learn to Learn program?

1. Understand the key principles of adult learning
2. Discover how adult learning styles differ
3. Engage your listener
4. Understand the importance of self directed behaviour
5. Understand how goal driven behaviour can accomplish tasks
6. Understand different personality styles and how to match your communication style
7. Use NLP techniques
8. Understand the benefits of 'actively listening' and 'questioning' skills
9. Communicating and motivate simultaneously
10. Discover preferred learning signals
11. Think creatively
12. Break paradigms
13. Solve problems by using creative pathways
14. Create learning feedback loops
15. Make your message stand out
