IDEAS GENERATING PROGRAM OUTLINE

Ideas generating

DOES YOUR ORGANISATION FOCUS ON EXTRACTING IDEAS ON IMPROVING PRODUCTIVITY? IF THE ANSWER IS NO THEN YOU ARE MISSING SO MANY OPPORTUNITIES FOR YOUR BUSINESS.

P.S. A SUGGESTION BOX IS OK BUT IT'S NOT EXACTLY CUTTING EDGE. YOU NEED INNOVATIVE IDEAS NOT PENCILLED SCRIBBLES AND CIGARETTE BUTTS

Australians have led the world with great ideas like the black box, the anthrax vaccine, the wine cask, the bionic ear etc. This program shows participants how to get valuable ideas out of their team. The solution to many of your company's problems greets you every morning. Unfortunately many people don't know how to build an "ideas generating" organisational culture. If you only do one training program with your team this year, then the 'Ideas Generating' training program should be at the top of your list.

Action Plan

- 1. How to promote an "Ideas Generating" culture.
- 2. Tools to move your company beyond the prehistoric "suggestion box".
- 3. How to structure an idea to nurture it to fruition.
- 4. How to build creativity into your team.
- 5. How to identify the best 'idea generators' in your organisation.
- 6. What do you do if nobody's listening to your ideas?

Key learning outcomes

Your Ideas Generating program will give participants the skills to:

- Extracting valuable ideas from your team.
- Using SMART strategies to gather ideas.
- Brainstorming and *De Bono's* thinking hats.
- Focusing on the outcome rather than squabbling about "whose idea it was".
- Use time management techniques to speed up the processes.
- Understanding that ideas alone are valueless unless communicated properly.
- Looking at how some brilliant inventions were stumbled upon from idea generating teams.
- Profiling 'ideas people' and ensuring they set aside creative time.
- Sorting the dross from the brilliance.
