

REMOVING ROLE AMBIGUITY

Role ambiguity is the #1 cause of conflict in the workplace

Role ambiguity is one of the major causes of workplace conflict and therefore it is imperative that senior leaders are crystal clear about their own roles and that of their colleagues.

Leaders and managers need to accept that there will be ambiguity and uncertainty because leadership is not always straightforward.

Leaders and managers need to be skilled and comfortable at navigating through the grey area that occurs as a result of ambiguity.
