

# Instructional Design Master Class

**A hands-on practical course to boost  
your Instructional Design skills**

**D**ue to high demand, we are conducting a 3-day Instructional Design Master Class. This course applies the ADDIE approach, a must for all new Instructional designers. It is also great for self-taught Instructional designers to understand theoretical concepts that can be applied to enhance their existing programs.

PREFERRED TRAINING  
NETWORKS

*Would you like to discover ways to develop engaging learning materials that meet learner and business needs?*

**This course is ideal for you if at least three of the following statements apply:**

- > You are relatively new to Instructional Design or open to new ways of working
- > You would like to understand audience engagement drivers
- > You would like to learn about tailoring courses to meet audience expectations
- > You want to ensure you are providing your participants with the best possible learning and learning outcomes
- > You want a practical hands on program that you can relate to your own workplace or environment

**Note:** this course is not suitable if you are already an experienced Instructional Designer

**Preferred Training**

**Networks** delivers more than 13,000 learning packages every year. Now you can learn from the specialists. There is also a demonstration on how to convert a workbook to an e-learning course, however, the Master Class is not an e-learning course. At the conclusion of the Master Class, successful participants will receive a Certificate of Accomplishment.

**MELBOURNE 4th, 5th & 6th February 2019**
