

# COST CUTTING TRAINING

"Cutting costs is easy, but cutting wisely is an art." - Henry Ford

Are you looking for ways to reduce costs and increase profitability within your organisation? This course is designed to equip you and your team with the necessary skills to identify and implement cost-saving strategies. Learn how to cut costs effectively without damaging productivity and existing service levels to critical customers and clients. With a thorough understanding of cost-cutting tools and tactics, you will be able to make informed decisions that will positively impact your organisation's profitability. Take a proactive approach towards managing costs and help your people apply practical solutions to cut costs.

## Key Course Content:

- Understanding the importance of continuous improvement
- Using appreciative enquiry as a tool to eliminate unnecessary expenses
- Identifying tangible and intangible waste
- Understanding the correlation between customer expectations and cost cutting
- Mapping out any problematic areas that are sensitive to cost cutting measures
- Dealing with cost cutting saboteurs
- Ensuring effective flow of communication within the organisation during change
- Applying critical knowledge and removing role ambiguity
- Strategic Thinking and Lateral Thinking
- Embedding Lean Thinking into daily habits

## Target Audience:

The course can be tailored for the specific cohort whether it be the leadership team, another group of managers/team leaders or employees.

## Duration:

This course is available as a 1-day course or a truncated 1/2 -day course.

## Delivery:

This course can be delivered both in-person or virtually. For virtual delivery, we can use our virtual platforms or your organisations.

## Group Size:

We recommend a group size of 4-10 people.
