

Instructional Design Master Class

**A hands-on practical course to boost
your Instructional Design skills**

Due to high demand, we are conducting a 3-day Instructional Design Master Class. This course applies the ADDIE approach, a must for all new Instructional designers. It is also great for self-taught Instructional designers to understand theoretical concepts that can be applied to enhance their existing programs.

PREFERRED TRAINING
NETWORKS

Would you like to discover ways to develop engaging learning materials that meet learner and business needs?

This course is ideal for you if at least three of the following statements apply:

- > You are relatively new to Instructional Design or open to new ways of working
- > You would like to understand audience engagement drivers
- > You would like to learn about tailoring courses to meet audience expectations
- > You want to ensure you are providing your participants with the best possible learning and learning outcomes
- > You want a practical hands on program that you can relate to your own workplace or environment

Note: this course is not suitable if you are already an experienced Instructional Designer

MELBOURNE

16th September, 25th & 26th October 2022

Preferred Training

Networks delivers more than 13,000 learning packages every year. Now you can learn from the specialists. There is also a demonstration on how to convert a workbook to an e-learning course, however, the Master Class is not an e-learning course. At the conclusion of the Master Class, successful participants will receive a Certificate of Accomplishment.
