

TEAM BUILDING 4 TEAMS

"Teamwork is the fuel that allows common people to attain uncommon results." -Andrew Carnegie

This training course focuses on team building and developing effective teamwork. Through a series of activities and exercises, participants will build emotional intelligence, trust, and respect between each other. Our course will help teams to learn how effective communication, collaboration and problem solving can lead to real team success. It also provides teams with strategies for resolving conflict, making decisions, and dealing with diversity within the team. A minimum of 4 participants attends this public course from each organisation and you'll learn from other team's experiences too. Having at least 4 participants from your organisation helps create the tipping point to change team behaviours

Key Course Content:

- Develop an understanding of different team roles and dynamics
- Learn strategies for effective communication and collaboration
- Develop a shared vision and commitment to working together as a team
- Discuss Tuckman's stages of team development
- Identify the strengths and weaknesses within each team
- Develop effective problem-solving and decision-making skills
- Make a new line in the sand for team behaviours
- Facilitate a sense of trust and support within the team
- Analyse Lencioni's 5 Dysfunctions of Teams
- Explore creative solutions for conflict resolution
- Build team synergies
